Number of Marriage Licences by Area

Data obtained from Open Data Toronto

Sean Eugene Chua

September 19, 2024

1 Introduction

This data was obtained from Gelfand (2022) using R Core from R Core Team (2023).

2 Data

In (Figure 1), we see that most data is concentrated before 2020 (when the pandemic happened). There is a slight decrease in the years post-pandemic.
